Question **1**

Correct

Marked out of 1.00

Why is it important to see the client and show them what you have, as often as you can? Please note marks will be taken off for wrong answers.

Select one or more:

- ☑ Because it's easier for clients to if the system is what they want from actually seeing what has been developed, rather than documents or models    ✔
- ☐ There is no need, the client will see what has been completed at the end of the project.
- ☑ Because they are part of the team    ✔
- ☑ in case new requirements or changes in the business environment have come up    ✔
- ☑ in case priorities have changed    ✔

Your answer is correct.

The correct answers are: Because it's easier for clients to if the system is what they want from actually seeing what has been developed, rather than documents or models, in case new requirements or changes in the business environment have come up, in case priorities have changed, Because they are part of the team
